- [linkedin.com/in/prajwal-shindee/](https://www.linkedin.com/in/prajwal-shindee/)

## OBJECTIVE

Passionate and creative full stack developer seeking an opportunity to be a part of an organization where i can contribute and improve skills and grow myself as well as the organization.

## PROJECTS

### Project 1: Sigma-Sum

**Demo :-** <https://sigma-sum.netlify.app/>

- Implemented advanced natural language processing (NLP) techniques to extract key information from online articles and generate accurate and coherent summaries.
- Utilized machine learning models to enhance the summarization process, resulting in more precise and concise summaries. Implemented a user-friendly interface with an intuitive design, allowing users to easily input article URLs and obtain summaries with just a few clicks.
- Incorporated responsive web design principles, ensuring that the website functions seamlessly across different devices and screen sizes.
- Conducted extensive testing and performance optimization to ensure fast and efficient summarization even for lengthy articles. Integrated social media sharing functionalities, enabling users to share the summarized articles on various platforms.

### Project 2: Sigma-AI (MERN)

**Demo :-** <https://sigma-ai.netlify.app/>

- Developed a robust backend using Node.js and ExpressJS, allowing for efficient data handling, API integration, and seamless communication between the client and server.
- Implemented user authentication and authorization using industry-standard security practices, ensuring secure access to the AI tools and protecting user data.
- Leveraged MongoDB for data storage and retrieval, ensuring scalability and efficient management of user-generated content. Integrated OpenAI API to leverage cutting-edge AI capabilities for image generation, chatbot functionality, and paragraph generation.
- Implemented real-time updates and notifications, enabling users to receive instant results and responses from the AI tools. Implemented a clean and intuitive user interface, prioritizing user experience and providing a seamless interaction with the AI tools.

### Project 3: Sigma-Code (MERN)

**Demo :-** <https://sigma-code-react.onrender.com/>

- Implemented real-time collaborative coding functionality using WebSockets, allowing multiple users to write and edit code simultaneously.
- Utilized the Codemirror library to provide a rich code editing experience with features like syntax highlighting, auto-completion, and code formatting.
- Implemented a version control system to track changes made by different users and enable easy rollback to previous versions if needed.
- Integrated third-party code linting and debugging tools to enhance code quality and improve the overall development experience.
- Implemented a chat feature within the coding environment, enabling users to communicate and collaborate effectively while working on projects.
- Conducted thorough security testing to ensure the platform is secure against code injection and other vulnerabilities.

## SKILLS

### TECHNICAL

- ReactJS
- Bootstrap
- TailwindCSS
- NodeJs
- Wordpress
- Nextjs
- JavaScript
- MongoDB
- TypeScript
- ExpressJS
- SQL
- MySQL
- Angular
- Python
- Golang
- Ruby on Rails
- Rust
- Docker
- Kubernetes
- Java

## CERTIFICATION

### CERTIFICATION IN SOFTWARE ENGINEERING-UPGRAD

9 months certificate course, with technical and soft skills provided by one of the best industry experts

### Win First Prize (UpGrad Hackathon)

Winner of Hackathon Conducted by Upgrad created Resume Builder Using Typescript and React

### Introduction to the Basics of Azure Services

SkillUP Azure Course Completion

## EXPERIENCE

### FREELANCER (FULL STACK DEVELOPER)

- **Tech Polyglot:** Proficient in a wide range of technologies, showcasing expertise in Golang, Ruby on Rails, MERN stack, MEAN stack, Kubernetes, Python, Rust, Docker, and more. Adaptable to various tech stacks, providing clients with tailored and versatile solutions to meet diverse project requirements.
- **Innovative Problem Solver:** Demonstrated creativity in addressing complex challenges, leveraging an in-depth understanding of programming languages and frameworks. Consistently delivered effective and innovative solutions across varied technology landscapes.
- **Continuous Learner:** Committed to continuous learning, staying abreast of industry trends, and embracing new technologies. This dedication ensures the delivery of cutting-edge solutions in every project undertaken.
- **Scalability Expert:** Designed and implemented scalable solutions, anticipating and accommodating the evolving needs of clients. Ensured seamless adaptability to increased demands in user loads, data expansion, and additional functionalities.
- **Diverse Tech Project Portfolio:** Successfully completed freelance projects encompassing diverse technologies such as Golang, Ruby on Rails, MERN stack, MEAN stack, Kubernetes, Python, Rust, and more. This experience highlights versatility and the ability to excel in various technological environments.
- **Client Collaboration and Timely Delivery:** Collaborated closely with clients to understand their unique needs and deliver customized solutions. Consistently met project deadlines, ensuring reliable and timely results.

### YLIWAY (FULL STACK DEVELOPER)

- Contributed to full stack development projects, ensuring the creation of efficient and user-friendly web applications.
- Collaborated with cross-functional teams to deliver customized solutions that met client requirements.
- Demonstrated strong problem-solving skills and consistently met project deadlines.
- Leveraged a wide range of technologies and frameworks to enhance web development capabilities.
- **API Integration Mastery:** Demonstrated proficiency in integrating third-party APIs seamlessly into web applications, expanding functionality and ensuring a seamless user experience. Collaborated with external services to enhance features and keep applications up-to-date with industry standards.
- **Continuous Integration/Continuous Deployment (CI/CD):** Implemented CI/CD pipelines to automate testing and deployment processes, ensuring a streamlined and efficient development lifecycle. Contributed to the establishment of best practices for continuous integration and deployment, resulting in faster and more reliable releases.
- **Punctual Project Delivery:** Demonstrated strong problem-solving skills and consistently met project deadlines, ensuring timely and reliable results in a fast-paced development environment.
- **Technological Versatility:** Leveraged a diverse set of technologies and frameworks to enhance web development capabilities, adapting to project needs and staying current with industry trends. Continuously explored and implemented emerging technologies, fostering a dynamic and forward-thinking approach to project development.

## PERSONAL DETAILS

**Alter Mobile Number:** +91 9921745103  
**Language Known:** English - Hindi - Marathi

## EDUCATION

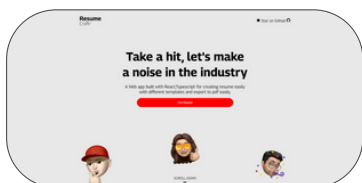

### DIPLOMA in MECH

indira institute of technology (IIT)

### HIGHER SECONDARY

Gurudev Goroba Vidya Mandir
